

a

Perfect structure recovery
DN "true" → correct
UF "false" → correct

$R_{DN} = 1, R_{UF} = 1$
contrast = 0

Arm-blind constant "true"
DN correct
UF incorrect

$R_{DN} = 1, R_{UF} = 0$
contrast = 1

A zero accuracy contrast need not imply absent structure; a maximal contrast need not imply represented structure.
